

*Our bottom line
is helping you
stay healthy.*

**HMSA and The Queen's
Health Systems** are

working together to build a
sustainable health care system
in Hawaii.

As longtime leaders in health care,
HMSA and Queen's are committed
to providing quality, affordable care
for the people of Hawaii.

And we want to keep it that way.

**We're working together on a
new payment system:**

- *That rewards hospitals for the
quality and safety of the care
you receive.*
- *That rewards hospitals and
the physician community for
working together to coordinate
care that produces positive
health outcomes.*
- *That controls costs.*

Change isn't easy. But HMSA and
Queen's are working together to help
ensure the long-term viability of our
state's health care system.
