Section 1 Introduction

Thank you for choosing HMSA.

Health Plan Hawaii is HMSA's federally qualified health maintenance organization that offers an excellent network of health centers and providers.

In the Health Centers and Providers section, providers are listed with their board certification and hospital affiliation codes when applicable. The corresponding code information is listed near the back of this directory. Some health centers are associated with a specific hospital.

Board certification indicates a physician's expertise in a specialty or practice. To earn certification, which is voluntary, physicians must fulfill requirements of the American Board of Medical Specialties.

This directory is updated frequently. Before you select a primary care provider (or PCP) and a health center, contact the provider or us to make sure the provider is still at the specified health center. You may also go to hmsa.com and click Find a Doctor.

Choose a primary care provider

As an HPH member, you need to choose a PCP at the health center you've selected. Or, you may select a health center first, then choose a PCP. Health centers, which offer basic health care services, are networks of providers.

Your PCP may be from fields such as internal medicine, general practice, family practice, obstetrics-gynecology, and pediatrics. You and each of your eligible family members can choose different health centers and PCPs to fit your individual needs.

When you need medical care, you must contact your PCP. Your PCP will provide or arrange all your health care services.

If you need a specialist, you can see one in your health center without a referral from your PCP. If you see a specialist outside your health center without a referral, you may need to pay the total cost for that visit.

Select a PCP from the alphabetical list or check if your current provider is listed as a PCP. When you find a PCP, choose a health center that the PCP is associated with.

If your current provider isn't a PCP or isn't in the

directory, choose another PCP. For more information about a provider, such as educational credentials, go to hmsa.com and click Find a Doctor. Or call Customer Relations at 948-6372 or 1 (800) 776-4672.

You can get mental health and substance abuse services from any provider in the Behavioral Health Network section of this directory. You don't need a referral from your PCP.

If you see a provider who isn't in the HPH network, however, you'll be responsible for the payment.

To change your PCP after your initial enrollment, contact Customer Relations.

Disclosure Statement

To be an HMSA participating provider, all providers must complete:

- HMSA's initial credentialing process: Providers must submit their information to HMSA.
- HMSA's recredentialing process: Providers are asked to review and update their information every three years.
- Cultural competency training.

Providers are expected to let HMSA know about any changes as soon as possible.

Hospitals: HMSA's doesn't use quality measures, member-experience measures, patient safety measures, cost-related measures, or any other criteria to select hospitals for participation in our plans.

Other providers: HMSA's doesn't use quality measures, member-experience measures, cost-related measures, or any other criteria to select providers for participation in our plans.

There may be other constraints when hospitals and other providers submit their own data to HMSA. It's important for members to know what's confirmed and what's not.

Section 5 HMO Vision Network

This section lists providers alphabetically by island in the following categories. Categories may not be available on all islands.

- Ophthalmology
- Ophthalmology, Retinal
- Optometry
- Pediatric Ophthalmology

Your HMO medical plan provides benefits for one routine vision exam per calendar year. A referral from your PCP is not necessary. You may get services from any provider who participates in the HMO vision network. However, follow-up care or care unrelated to the routine vision exam must be received from or arranged by your PCP. Your plan does not provide benefits for vision exams by non-network vision providers. For an updated list of HMO Vision Network providers, visit hmsa.com.

Member Rights and Responsibilities

Health Plan Hawaii is committed to treating members in a manner that respects their rights and has adopted policies addressing members' responsibility for cooperating with their health care providers. Health Plan Hawaii recognizes the following members' rights and responsibilities.

Members have a right to make recommendations regarding Health Plan Hawaii's members' rights and responsibilities policies.

Information disclosure

- Members have a right to information about Health Plan Hawaii, services, the names and qualifications of physicians and other health care professionals involved in their medical treatment, and their rights and responsibilities.
- Members have a right to information about how medical treatment decisions are made by participating providers or Health Plan Hawaii, including information about how payment is determined and made.
- Members have a right to information about their medications – what the medications are, how to take them, and any possible side effects.
- Members have a right to receive as much information about a proposed treatment or procedure as they may need to give informed consent or to refuse a course of treatment. Except in cases of emergency services, this information shall include: 1) a description of the procedure or treatment, 2) any medically significant risks involved, 3) any alternate course of treatment or nontreatment and the risks involved in each, and 4) the name of the person who will carry out the procedure or treatment.
- Members have a right to be informed about their continuing health care needs following discharge from inpatient or outpatient facilities.
- Members have a right to examine and receive an explanation of any bills for noncovered services regardless of payment source.

Accessibility of services and providers

- Members have a right to receive emergency services when, as prudent laypersons acting reasonably, they believe that an emergency medical condition exists. Payment will not be withheld in such circumstances.
- Members have a right to receive urgently needed services when traveling out of the service area or in the service area when unusual or extenuating circumstances prevent them from obtaining care from their PCP.
- Members have a right to a choice of Health Plan Hawaii health care providers that is sufficient to ensure access to appropriate high-quality care and services. (Note: Selection choice may be limited by the provider's patient caseload.)
- Members have a right to a reasonable choice of qualified providers of women's health services.
- Members have a right to reasonable continuity of care and to know in advance the time and location of an appointment as well as the name of the practitioner providing the care.
- Members have a right to timely access to their PCP and referrals to specialists when medically appropriate.

Participation in treatment decisions

- Members have a right to a candid discussion of appropriate or medically necessary treatment options for their conditions regardless of cost or whether their health plan pays for it.
- Members have a right to actively participate in all decisions regarding their own health and treatment options.
- Members have a right to refuse treatment or leave a medical facility even against the advice of practitioners (providing they accept the responsibility and consequences of the decision).
- Members have a right to be advised if a practitioner proposes an experimental or investigative treatment. They also have a right to refuse to participate in research projects.

- Members have a right to complete an advance directive, living will, or other directive and to place that directive in their medical record.
- Members have a right to assign their rights to any person who may have legal responsibility to make decisions on their behalf regarding their medical care.

Respect and nondiscrimination

- Members have a right to be treated with dignity and respect by all members of the health care system.
- Members have a right to have their privacy respected.
- Members have a right to exercise these rights regardless of their race, physical or mental disability, ethnicity, gender, sexual orientation, creed, age, religion or national origin, cultural or educational background, economic or health status, English proficiency, reading skills, or source of payment for their care.

Confidentiality of health information

- Members have a right to confidential treatment of all communications and records pertaining to their care. Members have a right to access their medical records and any clinical information that pertains to them. Written permission from members or their authorized representative shall be obtained before medical records can be made available to any person not directly concerned with their care or responsible for making payments for the cost of such care.

Complaints

- Members have a right to voice complaints or appeal decisions about their health plan or care provided.
- Members have a right to expect problems to be fairly examined and appropriately addressed.
- Members have a right to a response from HMSA or their practitioner to reasonable requests made for services.
